

**Weddings at The St. Regis Bali Resort**  
◆ Cloud Nine Chapel ◆ Beach fronting The Strand Villa

**Your Intimate Paradise**

From the time of recognition of life's gift of love, the desire and aspiration of being married is a recurring and joyful flash in one's mind.

Thoughts begin with the joys of an intimate wedding with a loved one in an exclusive and lavish setting, at The St. Regis Bali Resort.

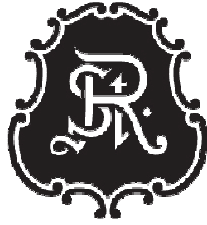

**Your Glorious Romantic Inspiration**

The beautiful and exotic location of Bali has a stunning wedding chapel that is nestled right at the beachfront offering a spectacular view of the ocean.

Modern material weds antique designs to create an air of timeless elegance. Featuring a traditional bell tower at the top, the charming chapel is decorated with dazzling chandeliers of Swarovski crystal suspended spectacularly from the middle of the chapel and is surrounded by rich silver and white mother of pearl highlights to create an air of romance in classic modern style.

Akin to a glasshouse, the Cloud Nine Wedding Chapel enhances the natural sunlight streaming through reflecting the rich surroundings of the room. The glass windows casing the chapel add a touch of romance to the room, keeping the experience natural, elegant, refined and focused.

Venture into an evening celebration on the wooden terrace, beyond the raised chapel set in a pond with stairs that feature cascading waters. The feel of the ever present breeze from the ocean, combined with the stars and moonlight shimmering off the ocean waters accentuates the romantic experience which is further enhanced by the services of a Romantic Butler.

### **Weather in Bali**

The weather in Bali is similar to the worldwide climate. It is unpredictable but generally April to October is dry season and November to March is the wet season. It rains occasionally in the dry season but there are many dry days in the wet season. Mornings tend to be drier than the afternoon but there is no guarantee to the final outcome.

From November to March, the following wet weather back-up plan is compulsory:  
An alternative venue for your reception and dinner will be at The Astor Ballroom. As another option, dinner can also be arranged outdoors under a marquee. This will be at an additional charge. At least one month's advance confirmation of marquees is essential.

### **The Service of a Balinese Rain Stopper**

In mystical and magical Bali, anything is possible. If you require the services of a rain stopper, we can arrange a 'Pawang Hujan' for your celebration. The Balinese believe that by means of a unique ritual, the rain can be controlled. The 'Pawang Hujan' is reputed to make the rain fall anywhere but at the location of the celebration.
